Reserved . . for me

I am glad I met you at Bills party. Then, you wouldn't think that we would still be together but we are. I wish you still went to school, I just can't get enough of you, then we could get in clubs and alway be together but that will never be possible.

I hope we last. We've been through so much together in such a short time (at lea I think it that way) I have so many dream and I want you to be part of them. I hop you the best cuz you deserve it (and the last leaves me out) and you become an ac countant and young millionair. You mean a lot to me and I'll always remember the

fun we have (though with me around you'll never be a millionair) you have done alot for me and I am dedicated to you, I'll always remember you and all the things we did if my dreams donot come true. So we have our ups and downs but nobody says we can't change them. And maybe some day your dreams will come true too. I just want you to know I care for you and want you always to be by me. I luv you very much and hope you feel the same way.

Vicki

P.S. Watch yourself carefully.

FALCON CROSS COUNTRY 1976

"Better Cause We Wanna Be"

The 1976 Cross Country season was a complete success on all levels this year. The Varsity team finished the league with a 4-3 mark, overall action was 6-3. Ron Arnold and Ron Schmidt proved to be team leaders this year building a team winning attitude. In league finals we had two outstanding efforts from these two men at 9:46 and 10:05 respectfully. Besides the outstanding league and overall record, the Varsity team also brought home the first team trophy in school history with a 3rd place finish at the College of the Canyons Invitational.

Congratulations to all of you, you are truly Champions!

Sincerely,
Henry Martinez

CONRAC CORPORATION SYSTEMS
WEST DIVISION

Why should anyone want to call Duarte "Home"? Duarte is many miles from the beaches, major shopping centers, the theater, entertainment spots and, for many, employment opportunities.

The obvious answer---available real estate, City of Hope, friendly people, an integrated community, mountains, freeways, the Manor, the Gardens, Santa Teresita, a good library, fire department and the Temple City Sheriff's Station.

In the past year alone the changes in Duarte have been dramatic.

Witness:

(1) A city proposed Industrial Park in the Davis area;
(2) the development of former school property on Vineyard and Royal Oaks, Maybe eighty new homes;
(3) a new 250-unit apartment complex planned on the corner of Huntington Drive and Fish Canyon;
(4) the possibility of more homes on the old Wright property near the Vineyard development;
(5) more homes around "Hayden's Hole" landfill near the San Gabriel River bed above Huntington Dr.;
(6) the $803,000 improvement project on Huntington Drive, looks so much better and gives a continuity to our community and
(7) The Supreme Court's Serrano decision ordering the State to equalize the spending abilities of the school districts by 1980, could have a beneficial effect on school financing---especially here in Duarte.

It is the last item that lends me to believe that one of the best investments may be right here in Duarte---real estate. The best all-time investment, of course, is your own family, and, I obviously think stocks and bonds are very important; but let's talk about why property in Duarte could be a good investment because of the Serrano decision.

The Serrano decision was based on the belief that a child who attends a low wealth school district is denied a an equal educational opportunity because the poor district cannot freely choose to tax itself into an excellence which its tax rolls cannot provide.

The old system allowed - higher tax rate but a much lesser amount of money spent on each student. It is not clear how the financial system will be revamped but less wealthy school districts are certain to benefit.

This is a new educational atmosphere---money coming to the districts and from a tax base perhaps other than property in Beverly Hills and San Marino may not drop in value, Duarte's property values should rise sharply over the next five years.

In case you haven't noticed, we're nice people here in Duarte. Come see us---where the 210 and the 605 Freeways cross beneath those beautiful mountains . . . . . that's D U A R T E.

Annual Staff of 1977

The theme of this book is "Memories". Memories of people and things we all want to remember. Memories of people like Jeff Nivens, who passed on early this year, and people like Robert Lynch, who after 20 years of teaching, retired this year. To your memories of them and all memories of 1976-1977. we dedicate this book.

The annual staff of 1976-1977 would like to take this opportunity to thank Mr. John Thomas and Mr. Don Sanford who bent over backwards to help us with our yearbook.

Words can not express the Thanks to Jim Hollen, he spent countless Saturdays and Sundays at school working with us besides having to put up with us five days a week.

Without their help we would not have been able to express the Memories found in this yearbook...

The Annual Staff
Thanks - You !!!
